- **WebTMS:** MISS DIG 811 is offering members a ticket management system that will save both time and money. It is a multi-center, multi-company One Call Ticket Management System that receives tickets via XML directly from the One Call Notification Center. WebTMS can also be used for transmitting positive responses back to the originating Notification Center, as well as viewing and attaching images or notes to tickets. It was designed with both desktop and mobile device-friendly interfaces. It is a great value at only 4 cents a transmission! Contact Member Service for a free 30-day trial at 800-482-7161 or membersupport@missdig811.org
- **MISS DIG 811 Gold Shovel Standard:** Raise the bar on excavation safety! Michigan is adopting the Gold Shovel Standard certification which is a viable means of driving public and workforce safety in the realm of buried infrastructure throughout Michigan. Gold Shovel Certification opens the door for contracts that require it, and also makes you more competitive across the whole industry. If you are interested in becoming MISS DIG 811 Gold Shovel Standard certified, please contact gss@missdig811.org
- **Safe Digging Advocate Award:** Are you interested in nominating an individual or organization that has significantly served, improved, promoted or innovated the underground utility safety industry for the Annual Safe Digging Advocate Award? If so, go to the Education Page at www.missdig811.org. You have until 1/15/18 to place your nomination and winner will be notified by 2/15/18. The winner gets an ALL-EXPENSE paid trip to the MISS DIG 811 Annual Meeting, a nice trophy and some MISS DIG 811 swag!
