

CRV Green Gabions™

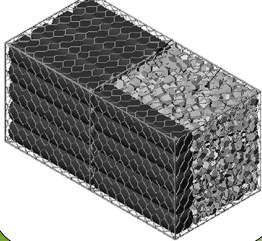

CONTAINMENT | REINFORCEMENT | VEGETATION

- Structurally sound
- Flexible plantable options
- Filter sediment and invisible pollutants
- Provide effective edge for shoreline buffers

GREEN GABION

Vegetated Sox may be filled with FilterMedia or GrowingMedia, depending on the application.

Problems with Dredge

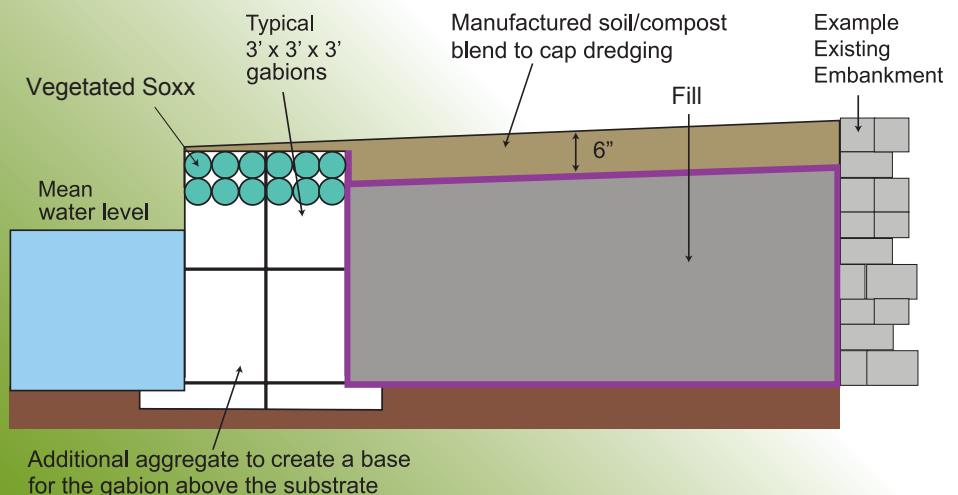

- Expensive permitting
- Environmental concerns
- Cost—moving dredge is expensive
- Filling Sox for reusing dredge

CRV™ Green Gabion™

- Beneficially re-use dredge
- Minimize ecosystem disturbance
- Mix dredge with locally available compost

Vegetated Sox
+ Gabion
+ Rock

= Green Gabion
