‘GREG’S VARIEGATED’ RED OAK

A close-up photograph of a Dawn Redwood branch. The branch is covered in dense, feathery foliage with bright green, needle-like leaves. The background is dark and out of focus. An orange horizontal bar is located in the top left corner.

‘LITTLE CREAMY’ DAWN REDWOOD

**‘RIKUZEN SHIDARE’
JAPANESE MAPLE**

A close-up photograph of 'Spring Purple' Winter Hazel (Corylus heterophylla 'Spring Purple'). The image shows several large, serrated leaves with a deep purple to magenta hue. Some leaves are fully open, showing prominent veins, while others are still in bud form. The background is a soft-focus mix of green and purple foliage. In the top left corner, there is a small orange horizontal bar.

'SPRING PURPLE' WINTER HAZEL

PHOTO BY RICHIE STEFFEN

A large, rounded, golden-green shrub, identified as 'ANNIEK' SIENNA SUNSET ARBORVITAE, is the central focus of the image. It is situated in a garden bed with dark mulch and large, grey, angular rocks. In the background, there are other green plants, including a tall, thin tree and a smaller, more rounded tree, under a bright sky. The text 'ANNIEK' SIENNA SUNSET ARBORVITAE' is overlaid on the left side of the image in a large, white, bold, sans-serif font. A small orange horizontal bar is located in the top left corner.

'KRYPTONITE' JAPANESE MAPLE

A close-up photograph of a Japanese maple tree with vibrant red, deeply lobed leaves. The leaves are clustered together, showing fine veins and serrated edges. The background is blurred, showing hints of green and yellow foliage. In the bottom right corner, a small portion of a red and white striped object is visible.
